Tempaii Attunement LightWorker™ Series

Channelling and Manual by Eileen "El" Brooks

Tempai Attunement (LightWorker™ Series)

We have had El* as our LightWorker™ system house artist for some time, before we knew that she had also made "writeups" for most of her beautiful paintings. Those writeups could easily be transformed to manuals, and the contact could equally easily be transformed to attunements. So now El* has made her attunements available for us along with these manuals. El* has a very different writing style, filled with a lot of light. I am sure that you will enjoy her attunements as well as her artwork.

All colour and design work is given to El* in the form of claircognisance. She is then told step by step - what to do and which colours to use. El* has a picture in her mind's eye. Often she will revisit some work, which she has already completed and see coded information not previously consciously noted by her. This is the way El* works - she does not necessarily grasp All at once - it is an ever evolving process for us all. The LightWorker™ manuals normally contain some nice pictures, but these series bring to you an extra dimension to the attunements, because they are enhanced through this inspired artwork. They are all provided **free of cost** and placed as a part of the ...

TEMPAI - Spirit Guide and Light...

Bringing forth his wisdom and guiding light.....
Bringing his wisdom to the world of matter.....
Reminding us that we are Spiritual Beings...
Enjoying the wonders and trials of Human Form....

Tempaii comes to us in a form we can relate to... His body is far more Light... In his own dimension.... beyond our perception He is joined by many more.....bringing a similar message.... On behalf of Spirit....

PEACE, HOPE, UPLIFTMENT, LOVE and ASCENSION....

He speaks to us through colour....form.... and the silent, yet all powerful language of Love....

He is empowering us at a Heart Level....enabling the higher vibrational shifts that are taking place in this area of the Energetic Body.....

Tempaii is encouraging us to tune into our heart systems on a regular basis... He is helping us to see through the eyes of the heart.... which are directly connected to our souls.... He is smiling at us now.... in a familiar way.... as a parent to a child..... He sees us all in our Lighted Form.... he knows our colours..... and sees the hues change as do our vibrational rates..... He tells us of his pleasure at our progress..... He tells us of the Love of the Enlightened Beings for us.... and assures us that they walk amongst us....

Flame Bearers... lighting our way..... He tells us that our work of Light is appreciated and very blessed....

Tempaii tells us some of the meanings of the colours he cloaks himself in..... Colour is a language of light.... Bypassing the intellect.... speaking directly through the eyes of the heart to the soul.....

Each colour represents a Ray of Consciousness (Light)..... each Ray is known to be associated with an overlighting Light Being... various Archangels and Ascended Masters..... There is also a generalised theme of evolution and innumerable conscious streams of information..... vibration..... As individuals we will respond to colour in different ways..... oftentimes depending on our own evolutionary progress..... our mood and general state of being.... and what we need to attract into our forms to provide balance..... (Balance in all our levels of consciousness and bodily states).....

The colours he cloaks you with be pure.... Amethyst, (violet) indigo, red violet, pink and white,

translucent blue and turquoise..... he brings in the beautiful pearlised colours of the cosmos..... gold in its most precious form.... These beautiful colours of cosmic light and consciousness, speak to us in innumerable ways and through out time and space.....

Each colour is encoded information, it's own specific frequency bringing healing into being through the sight of the physical and spiritual eyes and the vibration held in the the Divine Colourlight itself.... Here are some of the innumerable properties of these colours.....

Amethyst (Violet) 7th Chakra (Crown - Sahashara):

The colour vibrates at highest physical frequency..... connecting physical with spiritual self.... can transmute lower energies to higher energies..... Encourages psychic activity, imagination, intuitiveness, mystic qualities..... It may unify many conflicting aspects of self.... bring about calm and restore peace.... with deep spiritual inspiration and understanding..... may bring about transformation, growth and respect for oneself and others..... In ancient times violet dyes were rare and expensive.... making an association of the colour with wealth and royalty..... Celestial light radiates from this colours frequencies..... cleansing and purifying on all levels..... encouraging leadership, mastery, innervation.... it has the Father's Energy.... and brings with it the authority and wisdom as such... with this greatness is also humility, there may be modesty, hidden virtues and beauty.....

Crystal associated... Amethyst

Indigo ... 6th Chakra (3rd Eye - Anja):

Is the colour vibration of Indigo, known as the deep blue of night, has the ability to bring silence and tranquillity to us..... particularly to a busy beta consciousness of mind.... In this quietness... we are more able to look within ourselves and see ourselves as we are..... It gives us the serenity to deal with our shortcomings.... Indigo relates to the sense organs, nose, ears and eyes, extra sensory perception, superconsciousness..... it empowers us to intuit and create..... promotes perception, understanding and peace of a deep and spiritual nature.....

Crystal associated.... Lapis Lazuli

BLUE.... 5th Chakra (Throat - Vishuddah)

A colour of communication and pure mind... a colour of spirituality and philosophy..... Associated with the Ether Element.... it is a colour that promotes peace, inspiration and devotion.... Buddhists associate it with the coolness of the Heavens above and the Water below..... All qualities associated with verbal communication (physical) and higher forms of communication (Spiritual/ Light) are benefited by this colour in its pure forms..... It is the predominant colour of our "Blue Planet".... associated then with our planet... and influences the planetary healing.... written and oral skills of the planet.... guidance and freedom of the planet..... Aligned planets be Mercury and Neptune..... At it's highest form of influence this would include the quality of Higher intelligences surrounding and guiding the planet.... in turn educating us as a species.... together with Light Work and associated skills.....

Crystal associated.... Blue Lace Agate

TURQUOISE..... Associated with the Thymus Chakra....

a transpersonal chakra on the Hara Line (Deeper aura Level) about midway between heart and throat.... There are shades of colour that admit us to varied realms.... beyond linear time and space as we know it in our every day consciousness.... this colour is one of them.... It is a colour of air and spirit.... The chakra it is associated with is connecting us with Spiritual Love and Communion with the Divine.... these attributes are also associated with turquoise... the colour.... In healing the colour is beneficial for calming the mind and cooling the nervous system.... it can be used to treat many ailments from apathy to pain

transition..... Turquoise may be used as an all purpose “Higher Octave” colour energy for healing..... It brings strength to all levels....being especially beneficial for the immune system..... There is much love for this colour and it’s properties in ancient cultures... *Associated stone..... Turquoise.*

Colours depicted in a **pearlised** form are representative of “Spirit” in manifest from and the tenth Ray.... they are representative of the Language of Light in the 3rd dimension..... It is impossible as far as I know to paint the beauty of the Spirit.... these colours to me come closer to it.....

Gold representing the highest Christed Light Gold is Yang in it’s property... is a colour of completion, creativity and the Source... it is associated with the twelfth Ray.... It represents the Alchemy of consciousness..... The colour strengthens the fields of the body and Spirit.... (my guidance says Topaz goes well with this),

White... the greatest summation of all colour and our star selves... spiritual being.... Aligned with the moon... and element Air.... Purity and purifying the body on all levels.... Great conductor of healing energy.... perfection is associated with this colour... Represents qualities from all colours.... represents transcendence, wholeness, chastity.... innocence, cleanliness and peace..... May be associated with the crown chakra in some traditions.... In healing work white light is an all purpose healing energy and major purification tool....

Associated stones, Diamond and Clear Quartz (Rock Crystal)

Pink a reminder of the unconditional love we are here to incorporate into every aspect of our self (selves)..... It is a blend of the physical and the spiritual in perfect balance..... It is the secondary colour of the heart chakra.... associated with the moon and the planet Venus.... it is known as association for kindness and purity.... universal love (unconditional)... it is a love for family... our animal friends and all kingdoms.....

Associated stones... Rose Quartz, Pink Carneleon

Colour’s language is universal..... as is a language of light itself..... It is many things to one and all... we may have a favourite colour...this may leads us to an important aspect of ourselves.... our journey.... harmony with colour will lead us to more beneficial states of being... promoting healing, harmony itself, greater consciousness and feelings of peace and wellbeing.....

TEMPAI's message lies within the Akasha Principle embedded in the letters of his name..... He asks that this is written to bring understanding within the earth plane.....
